

Cut Workforce Dimensions testing by 90%

Regression testing your Workforce Dimensions deployment isn't an option, it's a must.

Test your deployment, not your patience

Ensuring your systems continually deliver accurately and with precision doesn't have to eat up all your time and resources.

Now, automating your Workforce Dimensions testing is simple and requires no coding to operate. Your team can quickly launch tests to see what's working, what's not and why. It's fast, simple and frees up your

people so they can focus on other critical demands, like accelerating your business. Now that makes sense.

Spend less time testing, more time delivering

Faster — Cut testing time by 90% and confidently go-to-market faster with your Workforce Dimensions platform.

Easier — Build automated test scenarios with an intuitive user interface that requires no coding, just common sense.

Better — Spend less time creating and maintaining automated tests with the ONLY automated testing service that includes APIs pre-built exclusively for Workforce Dimensions.

Proven — Deploy with confidence! From training and set up to strategy and support, your implementation is now backed by over 20 years' workforce management testing experience.

Update, accelerate, innovate

Maximizing your enterprises' Workforce Dimensions investment doesn't get any easier. Stay ahead of testing ongoing updates and fundamental configuration changes with fewer resources and in less time.

Remove the pressure and burden of validating production releases, so your team can focus on innovations that accelerate your business.

Backed by the ONLY Workforce Dimensions Automated Testing Partner

Smooth deployment and managing constant change with fewer headaches is what you want. TestAssure is the only Workforce Dimensions Automated Testing Partner that can get you there. And, because our automations are developed in lock-step with the Kronos Workforce Dimensions team, you'll have confidence at every stage of your journey.

Compliance you can count on

When regulatory change is the one constant you can always count on, TestAssure gives you the fast, reliable testing you need to keep Workforce Dimensions compliant with changing labor laws.

9-5 shift with Meal Break

Given: I am a US Hourly Associate and I am working in MN and My rate is 11.50 per hour

When: I am scheduled to work from 9:00 am to 5:00 pm and I clock in at 8:54 am and out at 5:03 pm and I take meal from 12:03 pm to 12:36 pm

Then: Mytime breakdown is

Start Time	End Time	Duration in Hours	Pay Code	Amount Type	Wages
8:54 am	9:00 am	0.1	Grace	Hour	0
9:00 am	12:03 pm	3.05	Regular Pay	Hour	\$35.08
12:03 pm	12:36 pm	.5	Meal Paid	Hour	\$5.75
12:36 pm	12:36 pm	0.05	Meal Unpaid	Hour	0
12:36 pm	05:03 pm	4.45	Regular Pay	Hour	\$51.18

The complexity of automated testing disappears with an intuitive interface that even the most non-technical of users can understand.
