

Automated Workforce Dimensions Testing Is Within Reach.

It's never been easier or more affordable to bring automated testing to your Workforce Dimensions platform.

Keeping your team on top of the constant Workforce Dimensions configuration changes and vendor updates seems like an endless struggle. With TestAssure, automating Workforce Dimensions testing is simple, straightforward and requires no coding. Your team can easily execute automated test scripts, see what's working, what's not and why. It's that easy.

Built by the **ONLY** Workforce Dimensions Automated Testing Partner.

Our cloud-based service is maintained in lock-step with Kronos. Every time Kronos issues a release, we automatically update TestAssure, allowing your team to always be ready to test system upgrades. No other testing solution can do that.

Why TestAssure automated testing?

- Better** — Pre-built for Workforce Dimensions
- Faster** — Deliver automated testing today
- Easier** — Cloud-based with no maintenance required

“TestAssure simplified our delivery of an automated testing solution for Workforce Dimensions. Every other tool on the market requires too much maintenance, support and technical hand holding, which eats up the time the tool is supposed to save.”

*Engineering Manager
Fortune 10 Organization*

Build at your own risk:
