

Job Title: TestAssure Consultant

Job Location: Remote (Work from home), with travel to client sites as needed

Agilea Solutions is a rapidly growing, energetic Software and Services Organization with a fun, fast-paced team environment. In this great company you will bring us your passion to deliver, your strong functional and technical skills, and we will provide you with the opportunity to deliver innovative solutions to clients.

We help clients ensure their Workforce Management (WFM) systems can respond to rapidly changing business needs and deliver more effectively. Timekeeping, Absence Management and Scheduling are not only key components of WFM systems, but they are crucial business processes for our enterprise clients. Our TestAssure automated testing platform delivers value to our clients by helping them properly test their WFM systems to ensure those systems continue to deliver accurately and with precision.

Position Summary:

The Consultant is responsible for providing functional and technical expertise while providing Testing services or other Workforce Management Solutions to Agilea Solutions' clients. Duties will be project dependent, but the Consultant will work with client and vendor teams to understand customer needs, apply Behavior Driven Design (BDD) principles to help deliver TestAssure Testing services.

Essential Duties & Responsibilities:

- Develop expertise in the TestAssure Automated Testing Service and associated Services (QA Strategy, QA Planning, Test Writing and Execution)
- Understand Behavior Driven Design (BDD), the TestAssure platform, and how to use it to document and develop tests for clients
- Work with clients and partners to deliver TestAssure services
- Assist in managing TestAssure's projects, including timeline, resource, and budget management
- Work with Kronos, Agilea, partners and client team as required to develop sound testing strategies
- Work with client and other TestAssure WFM Consultants to develop and enhance the Test Case library
- Build strategic relationships as necessary with customers, key partners and other vendors
- Manage multiple tasks, work independently or in a team environment, understand and be responsive to project, client and partner needs
- Communicate progress and provide status updates to your team on a daily basis
- Work with geographically dispersed resources and virtual teams
- Build and maintain relationships with your Agilea Solutions colleagues, and client resources
