Move to UKG Dimensions with Confidence

WHAT'S HOLDING YOU BACK FROM MOVING TO UKG DIMENSIONS?

UKG Dimensions is a cloud-based workforce management solution with powerful features and functionality. You want to realize the benefits of this modern platform as soon as possible and deliver a better experience for your organization and employees.

So what's holding you back? Are you concerned about the amount of testing required to migrate? Or do you feel you may struggle to keep up with software releases, changes, and new offerings? Or maybe you remember how much work you had to do on your last implementation to ensure you were paying your people correctly?

The good news is that you can overcome these challenges and eliminate the burden of manual testing with a modern test automation platform designed for UKG Dimensions.

USE AUTOMATED TESTING TO GET MORE TESTING DONE IN LESS TIME

To take full advantage of the power of UKG Dimensions, you need to be able to test quickly and extensively. Our automated testing platform will help you go-live sooner and once you're live, it will help you continue to manage changes with confidence.

TestAssure.ai, is a modern cloud-based automated testing platform that helps you:

1. Confidently migrate by capturing how your employees are currently paid
2. Reduce testing timelines so you can accelerate your project and go-live sooner
3. Manage ongoing changes so you can minimize risk and maintain compliance

We'll help you every step of the way to realize the full benefits of UKG Dimensions.
